### **Agroecology**

[Stories of Resilience Built Through Agroecology](#)

[Biowatch Bulletin January 2023](#)

[ECOWAS Signs Grants Agreements To Promote Training On Agroecology](#)

[La CEDEAO ambitionne de former 12 000 jeunes en agroécologie d'ici à 2024](#)

[Las Huertas Comunitarias como Dispositivo de Transición Socio-ecológica](#)

### **Climate Change**

[Les effets des changements climatiques en Tunisie : Déficit pluviométrique et impacts sur l'agriculture](#)

[Standards of practice to guide ecosystem restoration: A contribution to the United Nations Decade on Ecosystem Restoration](#)

[Project brief: Greening the humanitarian response in displacement settings](#)

[Prospects for Enhancing Climate Services in Agriculture](#)

[Measuring climate change impacts on farm income in Central Asia](#)

### **Natural Resources**

[Mongabay Explores the Congo Basin: The 'heart of the world' is at a turning point](#)

[Natural capital, agriculture and the law](#)

[Wetland mapping at 10 m resolution reveals fragmentation in southern Nigeria](#)

[Estimating acid soil effects on selected cereal crop productivities in Ethiopia: Comparing economic cost-effectiveness of lime and fertilizer applications](#)

[Analysis of land cover dynamics in Mozambique \(2001–2016\)](#)

### **Farming Systems**

[Unlocking finance for African smallholder farmers](#)

[The United Nations World Water Development Report 2023: partnerships and cooperation for water](#)

[Predatory mirid Nesidiocoris tenuis \(Heteroptera: Miridae\)](#)

[as biological control agent in greenhouse tomato production](#)

[Population Dynamics of Phytophthora infestans in Egypt Reveals Clonal Dominance of 23\\_A1 and Displacement of 13\\_A2 Clonal Lineage](#)

[The Family Farming Knowledge Platform \(FFKP\) Monthly Digest \(April 2023\)](#)

[Farming Systems Research at ICARDA](#)

### **Youth**

[Empowering Young People Youth Against Hunger](#)

### **Small-scale Fisheries**

[Socio-economic Impact of Sargassum Influx Events on Artisanal Fishing in Ghana](#)

[Use of SDG Indicator 14.7.1 for ecosystem-based fisheries management: Challenges and implications](#)

[Towards vibrant fish populations and sustainable fisheries that benefit all: learning from the last 30 years to inform the next 30 years](#)

[Restrictions on antimicrobial use in aquaculture and livestock, Viet Nam](#)

### **Food chain**

[Inclusión financiera de pequeños productores rurales](#)

[Agricultura familiar con potencial productivo en México](#)

[Sécurité alimentaire en Afrique : cultiver des légumineuses pour utiliser moins d'engrais minéraux ?](#)

[Wheat price hikes and food security in Sub-Saharan Africa](#)

## **Food and nutrition**

[La Agricultura Familiar Campesina \(Indígena\) en las Compras Públicas del Programa de Alimentación Escolar - PAE](#)

[The Global Report on Food Crises](#)

[Investing in climate resilient communities for a food secure future in Somalia](#)

[FAO Brief](#)

[Four ways science, technology and innovation can help transform agrifood systems](#)

[Harvesting the benefits of nutritional research to address global challenges in the 21st century](#)

[Real-time monitoring of food price policy interventions during the first two years of COVID-19](#)

[Working with informality: constructive ways to transform food systems](#)

[Sowing the seeds for a just transition: how food and agriculture investments can support fairer contracting](#)

[Handbook of Millets - Processing, Quality, and Nutrition Status](#)

[Routledge handbook of sustainable diets](#)

[Bio-Based Nanoemulsions for Agri-Food Applications](#)

[Food Insecurity in India's Agricultural Heartland: the Economics of Hunger in Punjab](#)

[Proceedings of the IX International Symposium on Mineral Nutrition of Fruit Crops](#)

[Managing rangelands: promoting sustainable rangeland management practices-Grazing management for improving soil stability, plant health and ecosystem integrity](#)

[In Arabian Peninsula: Enhancing Rural Livelihoods and Efficient Use of Scarce Water Resources](#)

[Pestilence and famine: Continuing down the vicious cycle with COVID-19](#)

[Linking nutrition education and farm production diversification to fruit and vegetable consumption in Zimbabwe](#)

[Making school meals tasty](#)

[Beneath our feet](#)

[Nourishing people and the planet](#)

## **Rural Development**

[Organizaciones campesinas en Chile. Caracterización, contribuciones y desafíos](#)

[Land, Investment, and Migration: Thirty-five Years of Village Life in Mali](#)

## **Pastoralism, Livestock**

[Drought and Floods at Lake Turkana: an Anomaly for Pastoralists?](#)

[Over Time and Space: Hybrid Rangeland Governance in Amdo Tibet](#)

[How Are the Karamojong Politically Marginalised?](#)

[The Resilience and Adaptation of Pastoralist Livestock Mobility in a Protracted Conflict Setting: West Darfur, Sudan](#)

[Assessment of community perceptions and risk to common zoonotic diseases among communities living at the human-livestock-wildlife interface in Nakuru West, Kenya: A participatory epidemiology approach](#)

[Vaccine Interaction and Protection against Virulent Avian Metapneumovirus \(aMPV\) Challenge after Combined Administration of Newcastle Disease and aMPV Live Vaccines to Day-Old Turkeys](#)

[One Health Surveillance Highlights Circulation of Viruses with Zoonotic Potential in Bats, Pigs, and Humans in Viet Nam](#)

[Towards Eradication of PPR: Disease Status, Economic Cost and Perception of Veterinarians in Karnataka, India](#)

[Human African trypanosomiasis cases diagnosed in non-endemic countries \(2011–2020\)](#)

[Modern Management of Livestock and Pastures in Nomadic Communities](#)

[One health systems strengthening in countries: Tripartite tools and approaches at the human-animal-environment interface](#)

[Elusive profits: understanding economic performance of local traders in the pastoral small ruminant value chain in Northern Kenya](#)

[The Changpa and Ladakh Pashmina: Craft Revivalism, Skill Development and Ecology in Ladakh, India](#)

[Workshop Report - Dana + 20: Mobile Indigenous Peoples, Conservation, Sustainable Development, and Climate Change Two Decades after the Dana Declaration](#)

[Factors associated with foot-and-mouth disease seroprevalence in small ruminants and identification of](#)

[hot-spot areas in northern Nigeria](#)

[Friend or Foe? The Role of Animal-Source Foods in Healthy and Environmentally Sustainable Diets](#)

[Diarrhea illness in livestock keeping households in Cambodia: An analysis using a One Health framework](#)

## **Forestry**

[Forests, Energy and Livelihoods](#)

[Linking forests, energy and livelihoods can help achieve SDGs](#)

[New FAO project to safeguard forests and natural resources as part of humanitarian action](#)

[Estimating emissions and removals from forest degradation](#)

[Trees: from root to leaf](#)

[Tropical forest ecosystem services in improving livelihoods for local communities](#)
